

Conferinta Asociatiei Aeroporturilor din Romania, Octombrie 2017

## FACTORI PRINCIPALI DE SIGURANTA

IN SELECTAREA SI UTILIZAREA PRODUSELOR DE/ANTI-GIVRARE IN AVIATIE

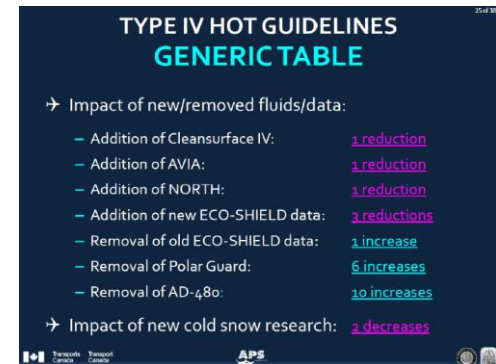

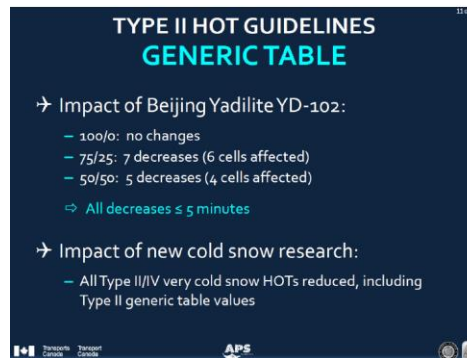

**HSH Chemie**  
DISTRIBUTION GROUP

PARTENER  
**CLARIANT**

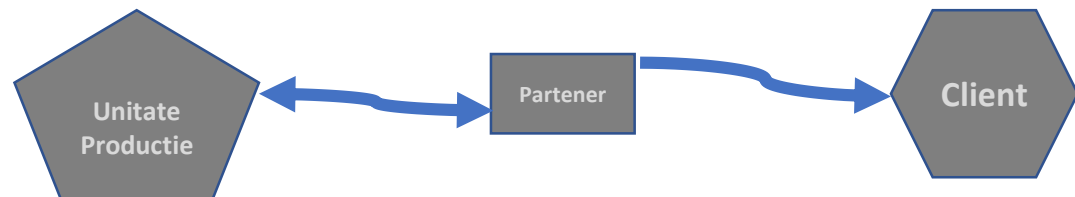

- Produce certificate

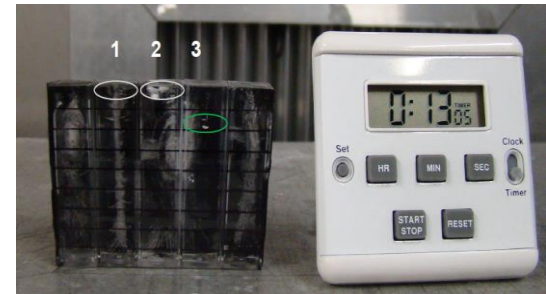

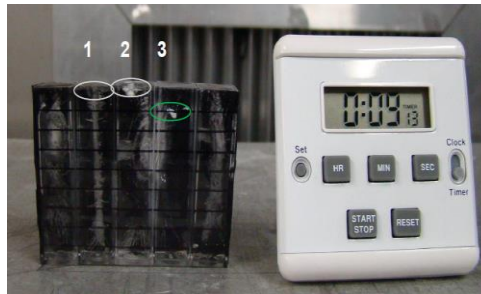

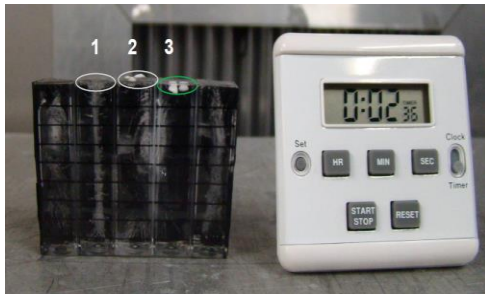

- Produce performante

- Furnizori de incredere

- Produse performante (viteza de penetrare a ghetii)

1- Urea | 2- Na Fo | 3- Safeway SF

- Utilizare corecta (combinatie degivrant solid – lichid)

## FACTORI PRINCIPALI DE SIGURANTA: Facts vs Legends

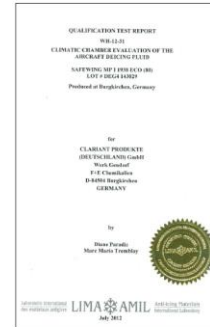

- Verificati (re)certificarea produselor  
(incl. certificarea locatiei de productie !!)

**AMS 1431: Solid RDF**  
**AMS 1435: Liquid RDF**

**Each 2 years re-qualification (1431 & 1435)**

AMIL certificates expire!  
Recertification:  
- Type I every 4 years  
- Type II/IV every 2 years

- Comparati performanta produselor  
- Comparati datele din “Generic HOT table” si “Brand HOT table”

- “Think Green” – impactul asupra mediului

- Eco-Label? | Comparati datele din Fisa Tehnica (COD = Chemical Oxygen Demand)

- Evaluati performanta lantului logistic

- Distanta fata de Fabrica – Durata livrare - Stocuri Suficiente
